THE CONTRACT IS SUBJECT TO THE TERMS AND CONDITIONS CONTAINED ON THE REVERSE SIDE HEREOF.

CONTRACTUAL TERMS AND CONDITIONS:

The Customer acknowledges that:

1. SA Ambulance Service (the "SAAS") being a body corporate constituted under the Health Care Act 2008 (the "Act"), has statutory obligations to provide ambulance services for the benefit and protection of the community of South Australia.
2. The statutory obligations of SAAS will take priority over any contract which the SAAS concludes with a customer for the provision of ambulance services for sporting and for private events.
3. In consequence of the statutory obligations of the SAAS, the SAAS may not be able to fulfil any of the obligations it has assumed under this contract or it may only be able to fulfil its obligations partially. Although SAAS will endeavour to provide advance notice:
 - a. if it cannot provide the ambulance services which it has undertaken to provide;or
 - b. if it has to cease providing ambulance services at the sporting or private event because the ambulance and / or its crew have to be reassigned,the customer accepts that it may not be possible for the SAAS in all circumstances to do so.
4. The SAAS reserves to itself the right, in its sole and absolute discretion, to cancel this contract at any time if it needs to reassign an ambulance and / or its crew to enable it to meet its statutory obligations.
5. Prior to the event, it must notify its insurers of the terms and conditions upon which the SAAS will provide ambulance services.
6. It must make contingency arrangements for the provision of a back up ambulance service in case SAAS cannot fulfil its contractual obligations at all or can only do so, partially.
7. In the event of the SAAS being unable to fulfil its contractual obligations, the SAAS will make appropriate adjustments to the contract price based on the time, if any, that the SAAS provided the ambulance services.
8. Save for any refund which may be due to the Customer because the SAAS performed its obligations in part or not at all, the Customer will have no further claims for loss or damage howsoever arising and of whatsoever nature or kind against the SAAS.
